

CONGRATULATIONS!

You can earn college credit in high school.

Here's your chance to earn college credit now!

One or more of the classes you're enrolled in for this fall qualifies for JCCC College Now dual enrollment, which means you can earn college credit while in high school.

JCCC allows you to **APPLY AND TEST NOW** for College Now eligible classes. Then, all you'll have to do is **ENROLL AND PAY LATER** once classes resume in August.

Completing the JCCC application and testing is free, and you'll be under no obligation if you decide not to enroll in College Now classes this fall ... but we hope you will.

Begin the process now and be ahead of the game come enrollment time this fall.

For more information about College Now, visit **jccc.edu/collegenow** or call **913-469-3967**. For details on JCCC testing services and current lab hours, visit **jccc.edu/testing**.
