NACEP accreditation distinguishes high quality concurrent enrollment programs administered by institutions of higher education throughout the nation. To obtain NACEP accreditation, programs undergo an extensive self-study and carefully document how the program adheres to NACEP's 17 national standards of program quality that cover student, faculty, assessment, program evaluation and curriculum areas of a concurrent enrollment program. Programs earn accreditation after comprehensive Peer Review by a team of representatives from NACEP-accredited programs and by the approval of the NACEP Accreditation Commission. To maintain accreditation, a program is required to continue implementing all practices identified in NACEP's standards and complete an Annual Report of activities.
